School Program Design: Please attach a brief description (150 words or less) including any anticipated contract with an education service provider.

The Maine Virtual Academy (MEVA), will be a full-time online school, that utilizes research-based curriculum, meaningful teacher/student/parent involvement, and individualized learning plans and assessment. Each student in the school will have an Individual Learning Plan (ILP) with specific learning goals. Students will receive course content, instruction, assignments, assessments and supplemental materials online as well as hands-on materials kits provided by the school. K-8 grade students will study Language Arts/English, Mathematics, Science, History, Art, Music and World Languages. High school students will have access to over 150 courses in Math, English, Science, History and World Languages in multiple levels, remediation and credit recovery courses, and electives.

The MEVA Board will contract with K¹² Virtual Schools LLC (“K¹²”), the largest provider in the U.S. of individualized online education programs for students in kindergarten through high school, to provide curriculum, teaching and school management services.
